

The FIX One Event from MDT Software and WingTip!

MDT is Giving Away \$5,000 in Software!*

Introducing the FIX ONE Event, from MDT and WingTip

World-class Automation Protection, Entry Level Price.

Nobody safeguards more automation programs at more Fortune 500 companies than AutoSave. Since 1987, AutoSave has been successfully safeguarding the very automation systems the big boys depend on for manufacturing and process control.

The FIX ONE Event puts the power of AutoSave within the reach of manufacturing and process control users of ANY size! Whether it's a remote site with a few PLCs or an area of your plant with critical pieces of automation, MDT's FIX ONE Event allows you to implement world class protection right now.

*Restrictions Apply, contact us for details
